

KOMAL JARIWALA

Senior Mobile Developer

Surat, Gujarat, India · +91 7990640751 · kmlrn8522@gmail.com

[LinkedIn](#) · [GitHub](#) · [Portfolio](#) · [Book a call](#)

PROFESSIONAL SUMMARY

Senior Mobile Developer with 7+ years building scalable, high-performance iOS and Android apps using React Native, TypeScript, and JavaScript. Expertise in native modules (iOS & Android), CI/CD (Fastlane, CodePush, Sentry), and performance optimization — including 40% crash reduction and 30% faster load times. Experienced in GraphQL, REST APIs, Firebase, HIPAA-compliant healthcare apps, and Agile teams. Open to full-time, freelance, and contract roles. Remote preferred · Hybrid in Surat · Not open to relocation.

PROFESSIONAL EXPERIENCE

Sr. React Native Developer — HAAT (Food Delivery)

Hybrid · Oct 2025 – Present

- Improved app performance and Android 16K compatibility, list optimization, and timer enhancements in a fast-paced startup environment.

Software Engineer — Logicwind

Remote · Sep 2022 – Sep 2025

- Delivered scalable React Native apps with TypeScript, improving load times by 30%.
- Built custom native modules (iOS Objective-C/Swift, Android Kotlin/Java) and integrated third-party SDKs.
- Diagnosed native bridge crashes, memory leaks, and bottlenecks with Flipper, Reactotron, Xcode Instruments, and Android Profiler.
- Conducted code reviews and mentored junior developers.

React Native Developer — Triveni Infotech

Surat · Jul 2020 – Sep 2022

- Built HIPAA-compliant healthcare apps with Azure B2C, Okta, and GraphQL APIs.
- Implemented CI/CD with Fastlane and CodePush; reduced crash rate by 40%.
- Developed modular UI, payments, chat, and WebRTC (Twilio) integrations.

React Native Developer — Narola Infotech

Surat · Jan 2020 – Jun 2020

- State management with Redux, MobX, and Context API.
- REST API integration and Firebase-backed MVP features.

Intern Android Developer — Dominant Infotech

Surat · Jun 2016 – Jun 2017

- Android modules in Java/XML with API integration and data handling.

KEY PROJECTS

HAAT — Food Delivery

Startup food delivery app · Android 16K, list performance, real-time tracking.

Hydreight Wellness — 10K+ downloads

HIPAA-aligned wellness & IV therapy · real-time booking · nurse dispatch. play.google.com/store/apps/details?id=com.vsdigitalhealth.thehydreight

The DRIPBaR — National franchise

IV therapy scheduling, location discovery, wellness booking. play.google.com/store/apps/details?id=com.vsdigitalhealth.thedripbar

ContactBook — 10K+ downloads

Team contact management, secure sync, Caller ID. play.google.com/store/apps/details?id=com.logicwind.contactbook

Also: OTT & tvOS apps (ReNative) · freelance mobile store builds.

EDUCATION

B.E. Computer Engineering — BITS Vadodara, GTU · 2020

Diploma Computer Science — GPG Surat, GTU · 2017

Higher Secondary — M.T Jariwala · 2014

TECHNICAL SKILLS

Mobile: React Native, TypeScript, JavaScript, Redux, Zustand, Nativewind, tvOS, ReNative
